# COACHING/SUPERVISION SESSIONS

---

*Interested in getting coaching/supervision support in your role as a leader of a not for profit organisation?*

We can offer a flexible supervision package tailored to your needs. The first meeting will involve understanding your supervision/coaching needs and developing a plan of support over the coming months.

Supervision sessions are generally for 1.5 hours.

Purchase a package of 12 hours coaching/supervision hours for \$1,500 +GST and save \$500 from the normal hourly rate of \$167 +GST/hr.

Use the hours for your personal supervision or use them towards in-house tailored programmes for your whole organisation. Up to 50% of the hours can be used outside supervision/coaching sessions.
